## Machetes

The machete has proven to be the ultimate outdoor tool. It will cut, chop, slash or smash just about anything you put in front of it. The following machetes from Cold Steel® are made of 1055 Carbon Steel with a tough spring temper and are surfaced with a black, baked-on anti rust finish. Each Cold Steel® machete comes with a good utility edge which, with just a little work, can be made hair shaving sharp. The tough polypropylene handles are designed to provide a comfortable secure grip and they are rugged enough to resist chipping, cracking or breaking. A quality machete at a reasonable price.

### Gator® Machete and Sheath **BEST SELLER**

The Gator® Machete wields a 15" fine edge blade on one side, a 15" high performance saw blade on the other and the proprietary Gator grip for ergonomic control while using either blade. Comes with riveted nylon sheath for safe transport.

## Woodman's Pal® Land Clearing Tool

Made in Pennsylvania since 1941 the Woodman's Pal® is praised as one of the best land clearing tools by surveyors, forest and land managers, soldiers, hikers and many more. Trim, prune, cut, blaze trails, remove unwanted growth and more with this quality tool.

### Features –

- Specially annealed high carbon steel blade (Hardened to Rockwell C47 +/-2) will not crack or chip even in sub-zero temperatures
- Concave axe blade is convex ground for extreme strength and offers superior edge holding capabilities. The blade will cut wood up to 1 ½" in diameter w/ a single stroke.
- Chisel sharp sickle hook slices through stubborn vines and briars. Removes unwanted sprout growth at ground level.
- The line of balance runs precisely from the grip through the sickle edge creating a natural momentum for efficient, accurate and comfortable swinging motion.
- Black powder coating prevents rust and corrosion.
- Safety toe extending one inch up from the axe-side of the tool reduces risk of deflective injuries.

Offering three models complete with Nylon Black sheath

	List	SALE
