

Trimble Access for General Survey

Trimble Business Center is a powerful surveying application that is the perfect desktop complement to Trimble's full range of survey solutions. Edit, process and adjust data from all Trimble surveying instruments with efficiency and confidence.

Available at two levels of productivity – Advanced and Standard, Trimble Business Center provides the key functionality needed to finish work faster.

Latest version advances the capabilities of survey offices with key new functionality, including:

- Stake-Out Print imports
- GPSeismic Export
- Enhanced Baseline Processing

Trimble Business Center includes support for the following survey workflows:

- Import and review field data from Trimble Access, Trimble Survey Controller and Trimble Digital Field Book
- Post Process Static and Kinematic GNSS Surveys
- Visualize Trimble VX Imagery and point clouds
- Adjust GNSS, total station and digital level network
- Generate and export GIS features and CAD elements from coded field data
- Review design data from many formats to be staked in the field
- Use COGO to calculate points, lines and adjustments
- Perform Site Calibration to utilize GNSS with local coordinate systems
- Model Corridor designs, such as Roads, to stake in the field

FARO Laser Scanner FOCUS^{3D}

The FOCUS^{3D} is a high speed 3D laser scanner for detailed measurement and documentation. The FOCUS^{3D} uses laser technology to produce incredibly detailed three-dimensional images of complex environments and geometries in only a few minutes.

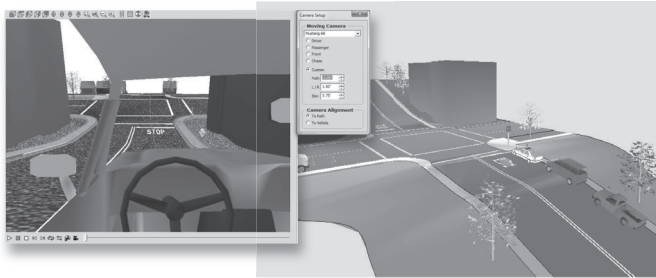

- **EFFICIENT:** The long range of up to 120m, the level sensor, the compactness and ease of use and the auto-registration at no extra cost result in up to 50% savings of scan and processing time compared to conventional laser scanners
- **PRECISE AND FAST:** The FOCUS^{3D} creates a precise, virtual copy of reality in millimeter-accuracy at a blazing speed of up to 976,000 measurement points per second
- **ECONOMICAL:** The price is a revolution by itself. A 3D scanner has never been so affordable as the FOCUS^{3D}
- **REVOLUTIONARY SIMPLE:** Due to its intuitive control concept with touch screen display, the unit is easy to operate as a digital camera

For more information on the FOCUS^{3D} please contact us and we will be glad to answer your questions and provide you with additional information.

Crash Zone/Crime Zone Diagramming Software

Cad Zone has been a leader in Public Safety Software for 20 years!

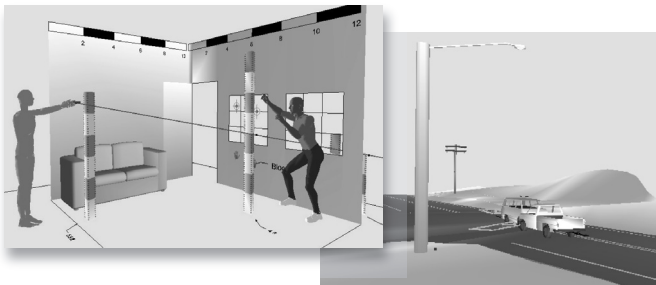

Crash Zone – features

- Accuracy – a true CADD engine (coordinate and vector based)
- Affordable – Complete program with no extra modules or annual fees
- Easy to use – Intuitive and easy to learn
- Animation – Both 2D and 3d animation included in standard program
- Complimentary trial download version allows you to actually try software before making a purchasing decision

Compatible with AutoCAD 2011, can import 3D measurement data from Total Stations, Photogrammetry/GPS formats and lasers. Over 100 custom line types and 6000 unique symbols for crash and crime scenes. “Easy Tools” to create – intersections, forms, buildings and MUCH more!!

For pricing and other information on this product please feel free to contact us at 1-800-833-9250.

Crime Zone – features

- Accuracy – Create accurate drawings in less time!
- Affordable – all the tools you need in one affordable program
- 2D/3D animation functions
- Viewer allows you to print and view perspective reports and effective courtroom illustrations

Can import 3D data from Total Stations, LTI or photogrammetry. Original “Easy Tools” to create objects etc.and over 100 custom line types in 2d/3D designed for forensic reconstruction diagrams and MUCH more!

For pricing and other information on this product please feel free to contact us at 1-800-833-9250.

THE CAD ZONE

INDEX

Automatic/Digital Levels	34-35
Bags (Carry/Utility/Prism)	56-58, 61-62
Bipods	62, 65
Calculators	68
Clinometers/Compasses	46-47
Data Collectors/Accessories	28-29, 32-33, 48
Drafting Supplies	10-11
Field Books	8
Flagging	1-2
Aerial / Barricade / Flags / Tape / Warning	
GPS	19-26
Accessories / Mapping-GIS / RTK, Static	
Hand Levels	46
Hand Tools	38-41, back cover
Bank Blades / Bush Hooks / Gads / Knives / Machetes /	
Manhole Pick / Posthole Diggers / Sledge Hammers / Tile Probes	
Laser Levels/Pipe/Tools	50-55
Laser Rangefinders	23, 55
Level Rods/Accessories	63, 66-67
Locators	41-43
Lumber Crayon/Chalk/Twine	3, 5
Markers	1, 3-5
Permanent / Plastic Survey Monument	
Marking Paint	6-7
Measuring Tapes/Rules	69-72
Measuring Wheels	44-45
Nails	4
Hub / Mag / P-K / Spikes / Tacks	
Plumb Bobs/Gammon Reels	9
Pouches	9
Prisms	59, 61
Prism Poles/Accessories	62-65
Radios/Accessories	37
Safety Products	inside front cover, 12-18
Barrels / Cones / First Aid Kits / Flares / Glasses / Hard Hats /	
Hearing / Repellents / Signs / Strobe Lights / Vests	
Scanner	27
SmartTools	49
Software	27, index page
Trimble Access / Crash Zone	
Total Stations	28-31, 48
Conventional / Reflectorless / Robotic	
Transits	36
Tribrachs	30, 60
Tripods/Accessories	56-57
Utility Field Maintenance	inside back cover
Wood Stakes/Plastic Stakes	inside front cover, 2
